Eleventh Annual

Organization Day

Celebration

Wednesday, December 6th., 1933

On a wreath sanguine and argent a demi sun all within a ribbon scroll sanguine bearing the motto "Curare" argent. The insignia is the crest and motto of the regiment. The field of the arms is sanguine, the nearest heraldic equivalent to the Medical Corps maroon. A white maltese cross the emblem of the Knight Hospitalers, organized in 1118 at Jerusalem, the earliest military medical unit of which there is any record. The crest is the setting sun to symbolize Hawaii, near the extreme west of the earth. The motto is self explanatory.
