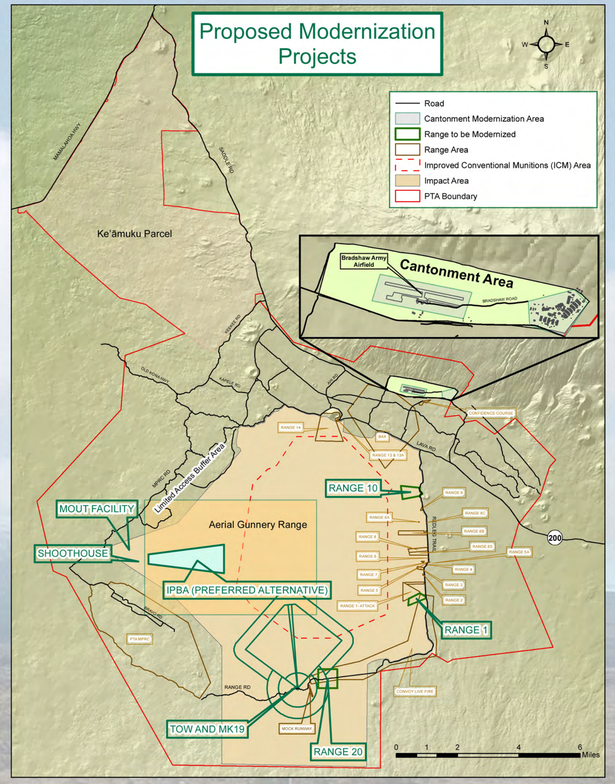
Pōhakuloa Training Area

Programmatic Environmental Impact Statement (PEIS) Scoping Meeting

PROGRAMMATIC ALTERNATIVES

- Modernize the training ranges, training support infrastructure, and the cantonment area at PTA
  - Initial Tiered Modernization Project: Construct and operate the Infantry Platoon Battle Area (IPBA) at PTA at one of three (3) potential locations within the existing impact area.
    The Army will also consider a No Action Alternative of not constructing the IPBA.


- No Action Alternative: The Army would not modernize the training ranges, training support infrastructure, and the cantonment area at PTA. The Army would continue utilizing current PTA training lands and facilities as efficiently as possible.
