Hawaii Attorney List

This list is not an endorsement or referral; rather, it constitutes a listing of attorneys and legal services that notified our office of willingness to service military clients. Thoroughly read your retainer agreement and always ensure that you have a **signed** copy. Fees and services fluctuate between attorneys and are subject to change; make sure you know what your attorney is going to do for you. You may want to compare the prices of several civilian attorneys before choosing a particular civilian attorney to handle your case. **Remember to ask whether or not the first consultation is free and if there is a military discount.**
