## FOR IMMEDIATE RELEASE

### Noise Advisory for Schofield Barracks

**SCHOFIELD BARRACKS, Hawaii** – Residents in the vicinity south of Wheeler Army Airfield may experience periodic increases in noise Oct. 16, as a result of scheduled training exercises.

The training will include the use of artillery and .50-caliber simulators as well as blank small-arms ammunition. Training will be conducted from approximately 7 a.m. - 5 p.m.

Please note, the training date is subject to change. Additionally, overcast conditions may increase noise and vibrations. Smoke may be visible for a short time; however, there is no immediate danger.

The Army in Hawaii appreciates the community's understanding and continued support of local Soldiers and their families. While sometimes loud, the sounds of training represent how the Army ensures our nation's Soldiers are ready to accomplish the mission and return home safely.

To report concerns related to noise or training, please call the U.S. Army Garrison-Hawaii (USAG-HI) Noise Concern Line at 656-3487. The USAG-HI Public Affairs Office will contact you about your concern during regular business hours, Monday through Friday, 8 a.m.- 4 p.m.
