

# Pōhakuloa Training Area

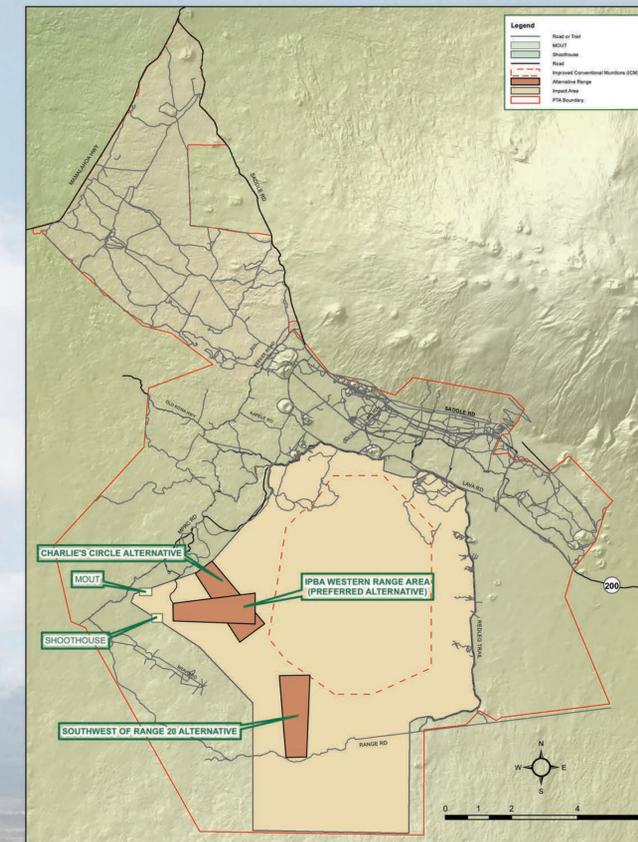

Programmatic  
Environmental  
Impact Statement  
(PEIS) Public Hearing

## ALTERNATIVES ANALYZED

### Proposed Modernization Projects

- Modernize the training ranges, training support infrastructure, and the cantonment area at PTA
  - Initial Tiered Modernization Project: Construct and operate the Infantry Platoon Battle Area (IPBA) at PTA at one of three (3) potential locations within the existing impact area. The Army will also consider a No Action Alternative of not constructing the IPBA.
- No Action Alternative: The Army would not modernize the training ranges, training support infrastructure, and the cantonment area at PTA. The Army would continue utilizing current PTA training lands and facilities as efficiently as possible.

### IPBA Alternatives

- Alternative 1: Construct and operate the IPBA in the Western Range Area at PTA
- Alternative 2: Construct and operate the IPBA at Charlie's Circle at PTA
- Alternative 3: Construct and operate the IPBA Southwest of Range 20 Area at PTA
- No Action Alternative: The Army would not construct the IPBA at PTA
